

SELLER'S DISCLOSURE NOTICE

©Texas Association of REALTORS®, Inc. 2019

Section 5.008, Property Code requires a seller of residential property of not more than one dwelling unit to deliver a Seller's Disclosure Notice to a buyer on or before the effective date of a contract. This form complies with and contains additional disclosures which exceed the minimum disclosures required by the Code.

CONCERNING THE PROPERTY AT: 14446 Hwy 6 South, Navasota, Texas 77868 THIS NOTICE IS A DISCLOSURE OF SELLER'S KNOWLEDGE OF THE CONDITION OF THE PROPERTY AS OF THE DATE SIGNED BY SELLER AND IS NOT A SUBSTITUTE FOR ANY INSPECTIONS OR WARRANTIES THE BUYER MAY WISH TO OBTAIN. IT IS NOT A WARRANTY OF ANY KIND BY SELLER, SELLER'S AGENTS, OR ANY OTHER AGENT. Single Blockable Main Drain in Pool/Hot Tub/Spa*		Х

If the answer to any of the items in Section 3 is Yes, explain (attach additional sheets if necessary):

Previous treatment for termites or WDI – Every 3 months, in the 22 years that we have owned this house, a licensed exterminator has come to spray and inspect the house. Every year the house is treated as a preventative measure for termites by a licensed exterminator - Sid Smith; Professional Exterminators; 20059 Katy Fwy; Katy, TX; 281-830-9275; 281-578-8051. I think we had a limited termite infestation, found on routine evaluation, around 2009 which was completely eradicated. To my knowledge, there has been no return of the infestation or any other problems.

Previous termite or WDI damage repaired – Per above, Termites were found on routine inspection. To my knowledge there was no damage to the house [no construction was required] and the termites were completely eradicated more than a decade ago. Over the 22 years we have owned this house, it has been inspected and sprayed every 3 months and treated for termites each year by a licensed exterminator.

*A single blockable main drain may cause a suction entrapment hazard for an individual.
Section 4. Are you (Seller) aware of any item, equipment, or system in or on the Property that is in need of repair, which has not been previously disclosed in this notice? Yes No If Yes, explain (attach additional sheets if necessary):
Section 5. Are you (Seller) aware of any of the following conditions?* (Mark Yes (Y) if you are aware and check wholly or partly as applicable. Mark No (N) if you are not aware.)
Y N
☑ ☐ Present flood insurance coverage (if yes, attach TXR 1414).
☐ ☑ Previous flooding due to a failure or breach of a reservoir or a controlled or emergency release of water from a reservoir.
□ ⊠ Previous flooding due to a natural flood event (if yes, attach TXR 1414).
□ ⊠ Previous water penetration into a structure on the Property due to a natural flood event (if yes, attach TXR 1414).
□ Mathematical Located wholly partly in a 100-year floodplain (Special Flood Hazard Area-Zone A, V, A99, AE, AO, AH, VE, or AR) (if yes, attach TXR 1414).
□ ⊠ Located □ wholly □ partly in a 500-year floodplain (Moderate Flood Hazard Area-Zone X (shaded)).
□ ⊠ Located □ wholly □ partly in a floodway (if yes, attach TXR 1414).
□ ⊠ Located □ wholly □ partly in flood pool.
□ ⊠ Located □ wholly □ partly in a reservoir.
If the answer to any of the above is yes, explain (attach additional sheets if necessary):

Prepared with Sellers Shield SHELD

Present flood insurance coverage – Although this home is not in a flood plain, I wish to maintain complete insurance coverage.
*For purposes of this notice:
"100-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a special flood hazard area, which is designated as Zone A, V, A99, AE, AO, AH, VE, or AR on the map; (B) has a one percent annual chance of flooding, which is considered to be a high risk of flooding; and (C) may include a regulatory floodway, flood pool, or reservoir.
"500-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a moderate flood hazard area, which is designated on the map as Zone X (shaded); and (B) has a two-tenths of one percent annual chance of flooding, which is considered to be a moderate risk of flooding.
"Flood pool" means the area adjacent to a reservoir that lies above the normal maximum operating level of the reservoir and that is subject to controlled inundation under the management of the United States Army Corps of Engineers.
"Flood insurance rate map" means the most recent flood hazard map published by the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. Section 4001 et seq.).
"Floodway" means an area that is identified on the flood insurance rate map as a regulatory floodway, which includes the channel of a river or other watercourse and the adjacent land areas that must be reserved for the discharge of a base flood, also referred to as a 100-year flood, without cumulatively increasing the water surface elevation more than a designated height.
"Reservoir" means a water impoundment project operated by the United States Army Corps of Engineers that is intended to retain water or delay the runoff of water in a designated surface area of land.
orovider, including the National Flood Insurance Program (NFIP)?* □Yes ☒ No If yes, explain (attach additional sheets as necessary):
*Homes in high risk flood zones with mortgages from federally regulated or insured lenders are required to have flood insurance. Even when not required, the Federal Emergency Management Agency (FEMA) encourages homeowners in high risk, moderate risk, and low risk flood zones to purchase flood insurance that covers the structure(s) and the personal property within the structure(s).
Section 7. Have you (Seller) ever received assistance from FEMA or the U.S. Small Business Administration (SBA) for flood damage to the Property? □Yes ☒ No If yes, explain (attach additional sheets as necessary):
Section 8. Are you (Seller) aware of any of the following? (Mark Yes (Y) if you are aware. Mark No (N) if you are not aware.)

Initialed by: Buyer: ____, ___ and Seller: NJ, ____

Room additions, structural modifications, or other alterations or repairs made without necessary permits, with unresolved permits, or not in compliance with building codes in effect at the time.
If Yes, please explain:
Homeowners' associations or maintenance fees or assessments.
If Yes, complete the following: Name of association:
Manager's name: Phone:
Manager's name: Phone: and are: □ mandatory □ voluntary Any unpaid fees or assessment for the Property? □ yes (\$) □ no If the Property is in more than one association, provide information about the other associations below:
Any common area (facilities such as pools, tennis courts, walkways, or other) co-owned in undivided interest with others.
If Yes, complete the following: Any optional user fees for common facilities charged? ☐ Yes ☐ No If Yes, please explain:
ir res, piease explain.
Any notices of violations of deed restrictions or governmental ordinances affecting the condition or use of the Property.
If Yes, please explain:
Any lawsuits or other legal proceedings directly or indirectly affecting the Property. (Includes, but is not limited to: divorce, foreclosure, heirship, bankruptcy, and taxes.)
If Yes, please explain:

Initialed by: Buyer: ____, ___ and Seller: NJ, ____

□ ⊠ Any death on the Property except for those deaths caused by: natural causes, suicide, or accident unrelated to the condition of the Property.
If Yes, please explain:
☐ ☑ Any condition on the Property which materially affects the health or safety of an individual.
If Yes, please explain:
☑ Any repairs or treatments, other than routine maintenance, made to the Property to remediate environmental hazards such as asbestos, radon, lead-based paint, urea-formaldehyde, or mold.
If Yes, attach any certificates or other documentation identifying the extent of the remediation (for example, certificate of mold remediation or other remediation).
After a severe storm on May 26, 2016, the roof sustained wind damage and rain from the storm came into the kitchen. Due to the hot summer weather and rain damage, mold was identified only in the kitchen area. The kitchen area was gutted and tented with mold
 □ Many rainwater harvesting system located on the Property that is larger than 500 gallons and that uses a public water supply as an auxiliary water source. If Yes, please explain:
☐ ☑ The Property is located in a propane gas system service area owned by a propane distribution system retailer.
If Yes, please explain:
☐ ☑ Any portion of the Property that is located in a groundwater conservation district or a subsidence district.
If Yes, please explain:
Section 9. Seller □ has ☒ has not attached a survey of the Property. Section 10. Within the last 4 years, have you (Seller) received any written inspection reports from persons who regularly provide inspections and who are either licensed as inspectors or otherwise

Concerning the Property at 14446 Hwy 6 South, Navasota, Texas 77868

Prepared with SELLERS SHIELD

Inspection Date Type Name of Inspector No. of Pages Inspection during construction from tornado 05/19/17 Paul W. Roebuck, Sr. 12 damage Note: A buyer should not rely on the above-cited reports as a reflection of the current condition of the Property, A buyer should obtain inspections from inspectors chosen by the buyer. Section 11. Check any tax exemption(s) which you (Seller) currently claim for the Property: ☑ Senior Citizen □ Disabled ☐ Wildlife Management ☑ Agricultural □ Disabled Veteran ☐ Other: □ Unknown Have you (Seller) ever filed a claim for damage, other than flood damage, to the Property with any insurance provider? ☑ Yes □ No Section 13. Have you (Seller) ever received proceeds for a claim for damage to the Property (for example, an insurance claim or a settlement or award in a legal proceeding) and not used the proceeds to make the repairs for which the claim was made?

Yes
No If yes, explain: Does the Property have working smoke detectors installed in accordance with the smoke detector requirements of Chapter 766 of the Health and Safety Code?* ⊠ Yes □ No □ Unknown If No or Unknown, explain (Attach additional sheets if necessary): *Chapter 766 of the Health and Safety Code requires one-family or two-family dwellings to have working smoke detectors installed in accordance with the requirements of the building code in effect in the area in which the dwelling is located, including

performance, location, and power source requirements. If you do not know the building code requirements in effect in your area, you may check unknown above or contact your local building official for more information.

A buyer may require a seller to install smoke detectors for the hearing impaired if: (1) the buyer or a member of the buyer's family who will reside in the dwelling is hearing-impaired; (2) the buyer gives the seller written evidence of the hearing impairment from a licensed physician; and (3) within 10 days after the effective date, the buyer makes a written request for the seller to install smoke detectors for the hearing-impaired and specifies the locations for installation. The parties may agree who will bear the cost of installing the smoke detectors and which brand of smoke detectors to install.

RE/MAX The Woodlands & Spring SUPPLEMENTAL SELLER'S DISCLOSURE

NOTICE TO SELLER: This Supplemental Seller's Disclosure must be completed by Seller(s) at the time that Seller enters into a listing agreement with RE/MAX The Woodlands & Spring. This Supplemental Seller's Disclosure will be provided to any person who seeks information regarding the property during the listing period. This Supplemental Seller's Disclosure is not intended to take the place of the Seller's Disclosure Notice required by Section 5.008 of the Texas Property Code.

NOTICE TO BUYER: This Supplemental Seller's Disclosure has been completed solely by Seller(s). RE/MAX The Woodlands & Spring and its sales associates have no personal knowledge of the information contained herein and make no representation or warranties regarding the accuracy of the information contained herein. Furthermore, Seller has not verbally advised sales associates of any defects not listed in the Seller's Disclosure Notice of this Supplemental Seller's Disclosure.

NOTE: the insurance company [USAA] had a structural engineer check the house and was fully intact requiring no structural repairs whatsoever. The roof was repaired, the shingles were removed, and an entire new roof / shingles were placed. 2. Has there ever been visible mold or mildew at any place on the property? Yes \(\subseteq \text{No} \) Explain As noted previously, due to the demand for services, the roof could not be fully repair until the structural engineer indicated that there was no structural damage done to the house. Because of the delay in repairing the roof, mold developed in the kitchen area remediation plan was completed and all subsequent testing was negative as previous attached. 3. Do you know of any insurance claims relating the property during the past five (5) years? Yes \(\subseteq \text{No} \) Explain Per above, a tornado hit the house on May 26, 2016. To my knowledge this is the onlithat an insurance claim was made on the house since it was built. We lived in the house years. 4. Do you know that there has ever been improper drainage on the property? Yes \(\subseteq \text{No} \) Explain	101	ice or till	s oup	piementa	t delier a Diacidaure.

INFORMATION ABOUT SPECIAL FLOOD HAZARD AREAS

USE OF THIS FORM BY PERSONS WHO ARE NOT MEMBERS OF THE TEXAS ASSOCIATION OF REALTORS®, INC. IS NOT AUTHORIZED.

© Texas Association of Realtors® Inc., 2014

CONCERNING PROPERTY AT

14446 Hwy 6 South, Navasota, Texas 77868

A. FLOOD AREAS:

- The Federal Emergency Management Agency (FEMA) designates areas that have a high risk of flooding as special flood hazard areas,
- 2. A property that is in a special flood hazard area lies in a "V-Zone" or "A-Zone" as noted on flood insurance rate maps. Both V-Zone and A-Zone areas are areas with high risk of flooding.
- Some properties may also lie in the "floodway" which is the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge a flood under FEMA rules. Communities must regulate development in these floodways.

B. AVAILABILITY OF FLOOD INSURANCE:

- Generally, flood insurance is available regardless of whether the property is located in or out of a special flood hazard
 area. Contact your insurance agent to determine if any limitations or restrictions apply to the property in which you are
 interested.
- 2. FEMA encourages every property owner to purchase flood insurance regardless of whether the property is in a high, moderate, or low risk flood area.
- 3. A homeowner may obtain flood insurance coverage (up to certain limits) through the National Flood Insurance Program. Supplemental coverage is available through private insurance carriers.
- 4. A mortgage lender making a federally related mortgage will require the borrower to maintain flood insurance if the property is in a special flood hazard area.

C. GROUND FLOOR REQUIREMENTS:

- 1. Many homes in special flood hazard areas are built-up or are elevated. In elevated homes the ground floor typically lies below the base flood elevation and the first floor is elevated on piers, columns, posts, or piles. The base flood elevation is the highest level at which a flood is likely to occur as shown on flood insurance rate maps.
- 2. Federal, state, county, and city regulations:
 - restrict the use and construction of any ground floor enclosures in elevated homes that are in special flood hazard areas.
 - b. may prohibit or restrict the remodeling, rebuilding, and redevelopment of property and improvements in the floodway.
- 3. The first floor of all homes must now be built above the base flood elevation.
 - Older homes may have been built in compliance with applicable regulations at the time of construction and may
 have first floors that lie below the base flood elevation, but flood insurance rates for such homes may be
 significant.
 - b. It is possible that modifications were made to a ground floor enclosure after a home was first built. The modifications may or may not comply with applicable regulations and may or may not affect flood insurance rates.
 - c. It is important for a buyer to determine if the first floor of a home is elevated at or above the base flood elevation. It is also important for a buyer to determine if the property lies in a floodway.

- 4. Ground floor enclosures that lie below the base flood elevation may be used only for: (i) parking; (ii) storage; and (iii) building access. Plumbing, mechanical, or electrical items in ground floor enclosures that lie below the base flood elevation may be prohibited or restricted and may not be eligible for flood insurance coverage. Additionally:
 - a. in A-Zones, the ground floor enclosures below the base flood elevation must have flow-through vents or openings that permit the automatic entry and exit of floodwaters;
 - b. in V-Zones, the ground floor enclosures must have break-away walls, screening, or lattice walls, and;
 - c. in floodways, the remodeling or reconstruction of any improvements may be prohibited or otherwise restricted.

D. COMPLIANCE:

- The above-referenced property may or may not comply with regulations affecting ground floor enclosures below the base flood elevation.
- 2. A property owner's eligibility to purchase or maintain flood insurance, as well as the cost of the flood insurance, is dependent on whether the property complies with the regulations affecting ground floor enclosures.
- A purchaser or property owner may be required to remove or modify a ground floor enclosure that is not in compliance with city or county building requirements or is not entitled to an exemption from such requirements
- 4. A flood insurance policy maintained by the current property owner does not mean that the property is in compliance with the regulations affecting ground floor enclosures or that the buyer will be able to continue to maintain flood insurance at the same rate.
- 5. Insurance carriers calculate the cost of flood insurance using a rate that is based on the elevation of the lowest floor.
 - a. If the ground floor lies below the base flood elevation and does not meet federal, state, county, and city requirements, the ground floor will be the lowest floor for the purpose of computing the rate.
 - b. If the property is in compliance, the first elevated floor will be the lowest floor and the insurance rate will be significantly less than the rate for a property that is not in compliance.
 - c. If the property lies in a V-Zone the flood insurance rate will be impacted if a ground floor enclosure below the base flood elevation exceeds 299 square feet (even if constructed with break-away walls).

E. ELEVATION CERTIFICATE:

Receipt acknowledged by:

The elevation certificate is an important tool in determining flood insurance rates. It is used to provide elevation information that is necessary to ensure compliance with floodplain management laws. To determine the proper insurance premium rate, insurers rely on an elevation certificate to certify building elevations at an acceptable level above flood map levels. If available in your area, it is recommended that you obtain an elevation certificate for the property as soon as possible to accurately determine future flood insurance rates.

You are encouraged to: (1) inspect the property for all purposes, including compliance with any ground floor enclosure requirement; (2) review the flood insurance policy (costs and coverage) with your insurance agent; and (3) contact the building permitting authority if you have any questions about building requirements or compliance issues.
